A USNH Human Resources Bulletin for Retirees of the University of New Hampshire, Keene State College, Plymouth State University and the Granite State College

---

### **PacifiCare Retiree Services** ~ effective May 1, 2005

The University System of New Hampshire is pleased to announce that we have contracted with PacifiCare Behavioral Health (PacifiCare) to provide Retiree Services to the USNH Retiree population. Enclosed is a PacifiCare brochure announcing the **Retiree Services Program**.

**PacifiCare** has created a web page [www.pbhretirees.com/usnh](http://www.pbhretirees.com/usnh) for our retiree population. This web site will be expanded in the near future.

### **Caremark Prescription Benefit**

As a reminder, our Caremark Prescription Benefit has a Mail Service Prescription Program. This program offers a convenient, cost-effective way to order prescribed maintenance medication for direct delivery to your home. In some instances, you may save money using the Mail Services Program for long-term care medications.

Order Forms and additional information are available from PacifiCare at 1-800-234-5465, select Option 2–Retirement Information; from Jan Rene at the USNH Benefits Office at 1-603-862-0930 or on Caremark's web site [www.caremark.com](http://www.caremark.com) (you must register with Caremark's web site before accessing the form).

### ***Please Keep Us Informed***

If your mailing address or telephone number changes, or if you or your spouse passes away, it is important that Jan Rene be contacted at 603-862-0930 or via email at [jan.rene@unh.edu](mailto:jan.rene@unh.edu). Up-to-date information on these matters is important to assure that you receive notification and explanation of changes that occasionally occur in the University System's Benefits program.
