

New Banner HR User EPAF Trapping

This new trapping will assist with the timely management of Banner HR accounts. Effective immediately, when a termination EPAF is processed for a Banner HR user, the initiator will receive the following error message:

#Error# FYI for CAROLP as SYSHRO required for Banner HR Users

Please note that 'move' EPAFs are excluded if the position number remains the same and the only change is a one-up suffix.

Carol will contact the appropriate campus to determine the required course of action with regards to the employee's existing Banner HR account.
