

Old Year [FY10] - New Year [FY11] Processing

It's that time of year again. Over the next few weeks, STHRs will be focused on rolling Banner HR to the new fiscal year [FY10 to FY11]. We are making available a copy of the [FY11 New Year Timeline](#) which lists the specific tasks that need to be done for Old/New Year processing. We will update this copy of the timeline on a weekly basis.

Also, the Old Year-New Year FY10 to FY11 Critical Dates and Useful Information document which identifies key dates and tasks for the work associated with rolling from FY10 to FY11 will soon be available.

Remember to return often for further updates on Old Year-New Year processing.
