*In the Open Access Plus HSA, prescription drugs are subject to the in-network plan deductible. That means you are responsible to pay the first \$1,500, of expenses (if you have Employee only coverage) and the first \$3,000 of expenses (for all other coverage levels), before you begin to pay copays for prescription drugs.

How the Plans are Alike	How the Plans are Different
<ul style="list-style-type: none"> • National network of providers. • Covers the same services, including preventive care (generally covered at 100% in-network), emergency services, in-patient and out-patient care. • Prescription drug coverage is included. • The plans have a deductible. • You share in the cost of services through copayments and/or coinsurance, and are protected by an annual out-of-pocket maximum. The out-of-pocket maximum is the most you will pay for covered services in the calendar year. • Your USNH fitness club membership benefit will pay up to \$500 for a membership in a participating health club, provided the eligibility requirements are met. 	<ul style="list-style-type: none"> • The cost in premiums and deductible amounts. • Prescription drugs are paid with no deductible required under the 500/1000 and 200/400 plans. In the Open Access Plus HSA Plan, you must meet the medical plan deductible before the plan shares in prescription drug costs with you. • If you are covering dependents, the deductible and out-of-pocket maximums work differently. In the 500/1000 and 200/400 plans, benefits are paid when each family member meets their individual deductible or out-of-pocket maximum. In the Open Access Plus HSA, the entire deductible or out-of-pocket maximum must be met before the plan pays benefits. • The tax advantaged accounts are different. With the 500/1000 and 200/400 plans, you may elect to contribute annually to a Flexible Spending Account. Only you make contributions. Amounts do not roll over year to year. • The Open Access Plus HSA offers a Health Saving Account or "HSA". Both you and USNH can contribute. Amounts roll over year to year.
