Voluntary Group Long-Term Care Insurance Program

The caregiving needs of an aging loved one can take an emotional and financial toll on a family. Long Term Care insurance is one way to help reduce the impact on family and loved ones.

We are pleased to announce a special enrollment for our Group Long Term Care Insurance program, underwritten by Genworth Life Insurance Company. From February 10 through March 6, 2020, full-time benefits eligible employees under age 66 may submit applications with fewer medical requirements. Benefits eligible employees 66 and older must satisfy additional medical requirements.

If, because of an accident or chronic illness, you needed assistance with everyday activities like bathing and dressing, who would provide that care? If you needed professional services, where would the money to pay for that care come from? Since these services are not typically covered by Health or Disability insurance, you may want to learn more about long term care, including what it costs to receive these services at home, in the community, or in a facility.

Group Long Term Care Insurance can help relieve families from financial and care giving stressors while helping to protect their lifestyle and can give people more choices from where to receive care in the setting of their choice.

This Program is also available to family members!
- Eligible applicants, age 18 to 75, include:
  - Spouses
  - Parents, stepparents and parents-in-law
  - Grandparents, step grandparents and grandparents-in-law
  - Adult children, stepchildren and adopted children
  - Siblings, stepsiblings, siblings-in-law

Family applicants will have to satisfy additional medical requirements.

Important information for those with existing Genworth Life coverage: This enrollment period is for new plan options. If you already have long term care coverage through Genworth Life nothing will change with your current coverage. Your coverage will remain in force as long as you continue to pay your premiums. Applicants must be U.S. citizens or permanent resident aliens, have a valid social security number or tax identification number, and provide a U.S. mailing address.

Please note, this program is not available to Vermont residents.

This Group Long Term Care Insurance is available under Group Policy Number 19786 on policy form series 7053, underwritten by Genworth Life Insurance Company.
